

SAFETY DOESN'T HAPPEN BY ACCIDENT

WIDE RANGE OF PRODUCTS AND BRANDS
TO KEEP YOU **SAFE**

We can keep you covered from head to toe with our wide range of products and brands.

EYE PROTECTION

Designed to protect against mechanical, chemical, thermal, electric and/or radiation risks. Eye protection has to meet AS/NZS 1337.1:2010 plus additional standards depending on application.

RESPIRATORY PROTECTION

Respiratory Protective Equipment (RPE) is designed to protect your lungs from breathing in contaminated air, due to dust, mists, metal fumes, gases and vapours that can be hazardous to health. RPE must meet AS/NZS 1715:2009 or AS/NZS 1716:2012 depending on the type.

HAND PROTECTION

One of the most frequently used areas of PPE, and available for a wide number of applications. The right glove can offer protection against mechanical, temperature, chemicals, vibration, cut, electrical and medical hazards. Covered by a number of Standards including AS/NZS 2161.1:2016, AS/NZS 2161.10.1:2005 AS/NZS 2161.3:2005, AS/NZS 2161.7.3:2005

FOOT PROTECTION

Your feet need protecting from a number of hazards, including falling objects, stepping on hazards, slips, extreme temperatures, as well as ensuring comfort and avoidance of fatigue. Key requirements are as per AS/NZS 2210.3:2009

HEAD PROTECTION

Designed to protect the vulnerable head area from falling objects and other workplace hazards. Hard hats are also frequently designed to work in conjunction with ear and eye protection as required.

HEARING PROTECTION

The Managing noise and preventing hearing loss at work Code of Practice requires employers to provide suitable hearing protection where noise exceeds 80dB(A).

CLOTHING

Workwear can play a key role in keeping you safe, especially high visibility items. In addition the right kit will keep you warm, dry and comfortable enabling you to focus on the task at hand safely and productively.

SITE SAFETY

It is a legal duty of employers to have the correct safety equipment and signage in their workplace. Within our range, you will find common and specialist safety products from spill kits, Smoke Alarms & Fire Safety, First Aid and much more.

Prepare Your Workplace and Protect Your Staff

We understand how fundamental it is to ensure a comfortable and safe work environment for employees as they head back to work.

That's why we've introduced **RS PRO Protective Measures kits and bundles.**

These product solutions are designed to protect and support employees returning to work in production facilities and commercial premises as the COVID-19 restrictions start to ease. From solutions to provide each employee with hygiene and safety products, to facility cleaning products, from safe distancing essentials to temperature measurement, we've got the right products for your business.

Safety Signage

Our new range of safety signs are designed to help promote a safe work environment, keeping employees aware of potential hazards and reinforcing important safety precautions and policies.

Cleaning and Janitorial

Our new Janitorial Kits are comprised of shadow boards fully stocked with colour-coded cleaning equipment to streamline workplace procedures, segregate departments, and identify missing items at a glance.

Temperature Measurement

The new range of non-contact forehead thermometers can help ease the screening process at your workplace by easily detecting a person's temperature while reducing cross-contamination risk and minimising the risk of spreading disease.

In addition to these kits and bundles, RS has added around 120 new product variants to its existing rich RS PRO offer that further support the demand for protective measures against the COVID-19 virus.

All RS PRO products are competitively priced and come with the RS PRO Seal of Approval, an assurance to customers that products are rigorously tested for quality, durability and consistency.
